

Rhode Island

Save energy at home— residential cooling rebates

Save money, improve comfort and ensure a cleaner environment with these energy savings offers for residential customers.

- **Central Air Conditioning Systems**
- **Air Source Heat Pumps**
- **Ductless Mini-Splits**
- **Wi-Fi Enabled Thermostats**

These programs are funded by the energy efficiency charge on all customers' utility bills, in accordance with Rhode Island law.

National Grid offers mail in rebates of up to \$500 for energy efficient central air conditioning systems and air source heat pumps. A licensed contractor must install the central air conditioning system or air source heat pump in order to qualify for rebates and only qualifying equipment models are eligible. See qualifying equipment and rebate amounts below.

REBATES (check all that apply)	# OF UNITS	QUALIFYING PRODUCTS	SEER ¹	EER ²	HSPF ³
<input type="checkbox"/> \$250		Ducted Air Source Heat Pump	≥16	N/A	≥8.5
<input type="checkbox"/> \$500		Ducted Air Source Heat Pump	≥18	N/A	≥9.6
<input type="checkbox"/> \$250		*Ductless Mini-Split Heat Pump	≥18	N/A	≥9
<input type="checkbox"/> \$500		*Ductless Mini-Split Heat Pump	≥20	N/A	≥11
<input type="checkbox"/> \$250		Central AC	≥16	≥13	N/A
<input type="checkbox"/> \$500		Central AC	≥18	≥13	N/A
*Ductless Mini-Split cooling only units are not eligible. SEER ¹ –Seasonal Energy Efficiency Ratio. EER ² –Energy Efficiency Ratio is a measure of instantaneous cooling efficiency. HSPF ³ –Heating Seasonal Performance Factor. AHRI SEER and EER rating of outdoor condenser and indoor coil working together. Rounding up of SEER/EER ratings is not acceptable.					
<input type="checkbox"/> Up to \$50/each		**Wi-Fi Enabled Thermostat			
***Limit two Wi-Fi enabled thermostats per account. Rebate amount cannot exceed purchase price.					

Ask your Contractor for a Quality Installation Verification Test.

Have a trained, participating contractor properly test and install your equipment and receive an additional \$150 rebate. For a list of participating contractors, please visit <https://www1.nationalgridus.com/CentralAirRI-RI-RES>.

TO APPLY:

1. Verify that the equipment you will be purchasing qualifies for a rebate by consulting with a licensed contractor. Qualifying equipment is noted above.
2. Purchase the qualified equipment and have a licensed contractor install it. The equipment must be installed at a property with an active National Grid residential electric account.
3. Obtain an invoice from your contractor. The invoice must contain the following information: equipment make, coil and condenser model numbers, size in tons, date and location of installation, total installation cost, contractor's name and address, and indicate "paid in full" or "zero balance."
4. Save time and apply online at www.smartenergy-zone.com/nationalgridri or mail the following items:
 - This application, completed accurately and legibly.
 - Contractor's invoice showing required information (See #3) and proof of purchase.
 - Copy of "ACCA approved version 8 Manual J" Load (Sizing) Calculation. (Load calculation not required for mini-splits).
 - Copy of your most recent electric utility bill.
 - Copy of the AHRI Certificate. Visit www.ahridirectory.org or contact your heating and air conditioning contractor to obtain a copy.

Mail to: RI Residential Cooling Program
Offer# H846571
P.O. Box 540064
El Paso, TX 88554-0064

Rebate form and required documentation must be **postmarked or submitted online within 60 days of equipment installation date.**

IMPORTANT: Photocopy your entire submission for your records. You could be required to mail these photocopies. Offer valid on equipment purchased and installed between January 1, 2015-December 31, 2015 (subject to funding availability.) All submissions must be postmarked or submitted online within 60 days of equipment installation date. From the time the application is processed and approved, please allow 6–8 weeks for payment. Payment processing will take longer if information or documentation are missing from the application. To review the status of your application, please contact us at 1-877-711-3013 or visit www.smartenergy-zone.com/nationalgridri.

Rhode Island Residential Cooling Rebate Application

Form must be completed in its entirety.

2015

Incentives available to eligible residential electric customers only. One electric account number per form. Some restrictions may apply. Incentive offers are subject to change without notice. Please review terms and conditions. Form must be completed in its entirety.

Submit online at www.smartenergy-zone.com/nationalgridri
or mail completed form with all required documents to:

WORK COMPLETION AND INCENTIVE VALIDATION

I hereby request a rebate for the listed work. Attached are copies of all receipts. I have read and agree to the Terms and Conditions within this form. I certify that a licensed contractor has installed the listed for energy efficient central air conditioning systems, air source heat pumps, mini-split heat pumps in accordance with Program Guidelines and Terms and Conditions as described on this form. I understand that some restrictions may apply and rebate offers are subject to change without notice. I acknowledge that all work is subject to on-site work verification and inspection as may be required by state and local law and by National Grid.

TERMS AND CONDITIONS

ENERGY STAR® Equipment Requirements

- 1. System Requirements**—All rebated central air conditioning (A/C) units/systems, ductless mini splits or electric air source heat pumps must be ENERGY STAR® certified, listed with and certified by the Air Conditioning, Heating, and Refrigeration Institute (AHRI), and meet the program SEER, EER and HSPF requirements (see table on page 1). The A/C condenser and the evaporative coil must be new and replaced together. The condenser and coil are separate components in a split A/C or heat pump system, but for rebate purposes, are considered one unit. For mini split ductless systems, for rebate purposes, the unit consists of outdoor condenser and indoor unit(s). All units must have a TXV or EXV to qualify for rebate.
- 2. Sizing**—Load calculation requires proper design temperatures for area, and unit installed must be within ½ ton of calculation.
- 3. Proof of Purchase**—A copy of the customer's invoice itemizing the purchased equipment must accompany each rebate application form. The invoice must indicate the equipment type, size, make, model, name of purchaser, installation date and location, date of purchase and total installed cost.
- 4. Information Sources to Verify ENERGY STAR Equipment**—EER, SEER and HSPF ratings (for heat pumps only) for condenser, evaporator and air handler (if applicable) must be provided. The AHRI directory (ahridirectory.org or call 703-600-0384) web site lists SEER and EER values. AHRI also provides AHRI numbers. Manufacturer's spec sheets may be accepted ONLY if equipment is not yet AHRI rated and ONLY if AHRI listing is pending.
- 5. Owner's Certification**—Owner certifies that he/she has purchased and installed the equipment listed on this application at the defined location. Owner agrees that all information is true and that he/she has conformed to all offer and equipment requirements listed. Owner has verified that the unit(s) listed on this application have been installed or serviced correctly. There are no unusual noises or vibrations and all controls have been calibrated. Owner or owner's representative has been instructed on how to operate and maintain this equipment and has received all necessary operation and maintenance manuals provided by the manufacturer with the new unit(s).

General Requirements

- 1. Time Limit**—Qualifying units for equipment rebate must be purchased and installed between **January 1, 2015** and **December 31, 2015**. Applications must be postmarked or submitted online within 60 days of equipment installation. For new construction only, extension of 2014 offers up to the end of 2016 must be requested and approved in 2015. Program is subject to change without prior notice, including rebates and incentive levels.
- 2. Geographic Requirements**—Offers valid only for residential electric customers in Rhode Island.
- 3. Application Form**—This application must be filled out completely, truthfully, and accurately. The customer or contractor must date and submit the completed application along with all required documentation for specific rebates and/or incentives. By submitting the rebate application, the customer and contractor agree to abide by these Terms and Conditions.
- 4. Payments**—From the time the application is processed and approved, please allow 6–8 weeks for payment. Payment processing will take longer if information or documentation are missing from the application.
- 5. Voluntary Quality Installation Verification Incentive**—Qualifying equipment must be installed and properly tested by a Quality Installation Verification contractor listed on www.nationalgridus.com/RI-CentralAir. The additional incentive applies to each system tested and will be mailed separately from the rebate payment. Contractor must verify proper refrigerant charge and operating capacity of the unit. Test conditions must be 60°F+ Outdoor (not raining), 65°F Indoor Dry Bulb / 55°F+ Indoor Wet Bulb Temperatures and cannot be performed after **October 15, 2015**. Ductless Mini-Split systems are not eligible for this additional \$150 rebate.
- 6. Approval and Verification**—National Grid reserves the right to verify and to have reasonable access to the residence to inspect the HVAC system installed prior to issuing rebates and incentives; this right to access extends up to one year after date of application, even if rebates or incentives have been paid.
- 7. Tax Liability**—National Grid will not be responsible for any tax liability that may be imposed on the customer or contractor as a result of the payment of rebates.
- 8. Endorsement**—National Grid does not endorse any particular manufacturer, product, system design or technology in promoting these offers.
- 9. Warranties**—NATIONAL GRID DOES NOT WARRANT THE PERFORMANCE OF INSTALLED OR SERVICED EQUIPMENT, EXPRESSLY OR IMPLICITLY. National Grid makes no warranties or representations of any kind, whether statutory, expressed, or implied, including, without limitations, warranties or merchantability or fitness for a particular purpose regarding the HVAC equipment or services provided by a manufacturer or vendor. Contact your contractor for details regarding equipment performance and warranties.
- 10. Limitation of Liability**—National Grid and their rebate administrator's liability is limited to paying the rebate and incentive specified. National Grid and their rebate administrator are not liable for any consequential or incidental damages or for any damages in tort connected with or resulting from participation in these offers.
- 11. Contractor Certification**—Contractor certifies that installation and services performed have been in accordance with all applicable municipal, state and federal codes, standards and regulations, as well as program requirements.
- 12. WiFi Thermostats**—WiFi thermostats need to be connected to wifi network. Limit two per household. Must provide receipt as proof of purchase.
- 13. Payments Assignable to a Third Party**— (a) The Customer may request that the incentive be paid directly to a third party by so indicating in the Program application. Notification of third-party payment will be sent to the Customer upon submission of the Program application for the purpose of Customer confirmation. (b) If no payment choice is made, the Company will send the incentive payment directly to the Customer at the address indicated in the Program application.
